OPEN MINDS, OPEN DOORS...

Student Life at NJIT is a complex balance of academic and extra-curricular activities. Even with a demanding academic profile, students seem to manage their time to stepback and enjoy college life.

Either the green, gym, hazell center, theater, or any social activity, there is always something to do on campus, because there is more to school than just learning in the classroom.

Always Changing

STUDENT LIFE

OPENING DAY

FRESHMEN MOVE IN

by
Humberto Baquerizo
Jennie Stilwell

"Moving can
be stressful and
tiring but there
is always a
helping hand
to aid you on
your first day."

Excitement, elevators, excruciating aching arms...all were found on August 30, 1994, otherwise known as Freshmen Move In day. After the rooms were found, keys given, papers signed and goodbyes said to family, fun events and a barbeque were organized on the old Green.

As the new students met with their groups from Miniversity, they participated in various activities.

Some of the which included building marshmallow towers, velcro-obstacle courses, and volleyball. The green was filled with shouting and laughter as these games helped alleviate tensions that some students may have felt on their first day at college. To end the activity packed day, there were raffle prizes and movie at midnight.

SETTING A PATH

MINIVERSITY

by
Humberto Baquerizo
Jennie Stilwell

" Miniversity is
the first step
between NJIT
and incoming
freshmen."

The Theme of Miniversity 1994 was "Covering All The Bases". After students received their "playing schedule" in the mail, they were onto the major leagues at NJIT.

Head coach, Robert (Bob) Moran, hit a homerun with the addition of Health Service, Student Senate and more refreshments for the overnight program.

The students were treated to activities such as cookout, movie night, and team-building games. By the end of the second day, students have been able to make friends and ease the transition between high school and college life.

With the help of two student coordinators, nine group leaders, and a two man technical staff, the program was a grand slam.

ABOVE & BEYOND

HAZELL CENTER

by
Humberto Baquerizo
Angela Gupta

" Hazell Center
offers a wide
variety of
activities that
will challenge
or influence
your life at
NJIT."

With a tough curriculum at New Jersey Institute of Technology, many students need a place to relax. Most people head for the Hazell Center, 'Student Center'.

The 3 floors of the Hazell houses the gameroom, cafeteria, the Pub, student club offices, Registrar office, Stop in Center, the Bookstore and the office of Greek Life.

Particularly useful are the lounge area, ballroom and the gallery, which is the location of all kinds of events at NJIT.

Events such as bake sales, dance parties, casino nights, student organization elections, course registration, final exams, common hour club meetings, lectures and commencement.

You are always able to see some activity and entertainment at the Hazell Center, day or night.

TRICK OR TREAT

HALLOWEEN MADNESS

by
Humberto Baquerizo

" You're never
too old for
Halloween, you
can always
reflect on your
childhood
memories.
Trick or Treat! "

The popular Halloween Madness returns to the NJIT campus scarier than ever. This year's halloween party was a howling success. Redwood Residence Hall's Halloween Madness Fest had everything: from a DJ party, free food, scary costumes, to dancing, apple bobbing contest, pie contest, horror movies, and prizes.

Some of the costumes were ninja turtles, young babies, old maids and a chocolate M & M. Students, from commuters to residents, were happy as they enjoyed the fun all night long. Memories of childhood were recaptured, as the night of trick or treating help create new nightmare and sweet reveries.

CREATIVE MINDS

HOW DID I GET HERE

by
Humberto Baquerizo

"How did I get
to NJIT.
Students,
faculty and
staff play a role
in this NJIT
production."

NJIT and Rutgers-Newark Theater group came together in November to produce a truly unparelled show. Spectators, and critics agreed that the staff of "How did I get Here" gave us an incredible performance. The overlapping plot lines gave it an unpredictable style.

Performing at University Hall, NJIT, the actors were able to blend theater acting with involvement of the audience.

How Did I get here turned out to be an original and fascinating theatrical experience for both actor and audience.

How did you get here!!

TECH SPIRIT

SAC PROGRAMMING

by
Humberto Baquerizo
Mariette DeBarrios

" Without SAC,
life at NJIT
would be much
less exciting."

The Student Activities Council, better known as SAC is a major provider of much of the entertainment for the NJIT community. In other words, SAC is dependable for raising the students' college spirit.

The vast variety of activities sponsored by SAC are weekly movies, Spanky's Thursday night comedians, Broadway shows, Lake Placid ski weekend, Halloween Madness and wall climbing, joust on green and virtual reality computer fun.

Day presentations sponsored by SAC included magicians, musicians, tattoo artists and caricature artists in the Hazell Center Lounge.

NJIT THURSDAYS

PUB NITES!

by
Humberto Baquerizo

"What to
do on a
Thursday
night
...Pub!"

Pub Nites are becoming a traditional event at the NJIT Pub. Events such as comedy show, Monday night football, South of the Border Fiestas, bands, DJ's, and novelty entertainments. All of these set the right mood for an enthusiastic college crowd. They all have a common theme... that is Thursday Night at the Pub. A way to kick back, unwind and have fun with friends.

Most of the Pub Nites are hosted by variety clubs and organizations from SAC to Graduating Student Committee to GSA or the Pub itself. These special events provide an evening of unexpected, unpredictability for all.

The Pub nites are a chance to get together with friends, and forget about the pressures of tomorrow, or next week's exam. The Pub provides a relaxed atmosphere for any NJIT student any time of day or night.

Need a Hand !!!

EXTREME SKIING

SKI WEEKEND

by
Humberto Baquerizo

"Would you
pass up the
opportunity to
get away for
the weekend
and head for
the slopes?"

Ski Weekend was just another excuse to get away from Newark, where many students took the opportunity to become Ski Bums.

Different clubs and organizations sponsored trips to various resorts, from Killington to Lake Placid to a week long trip to Whistler B.C.; students are always looking forward to a white powdery reason to get away from school. Would you pass up the opportunity to get away for the weekend and head for the slopes? Well, I don't think so. Many could not pass the temptation to get away from NJIT for more earthly surroundings.

Whether it be a beginner or expert skiers, they both advantage of good prices, and fresh snow, just to learn or to brush up on techniques. Well, it is just another way that NJIT students take time to forget about work, classes and projects and enjoy the fun of shushing the slopes.

MAKING A DIFFERENCE

CULTURAL HERITAGE

by
Humberto Baquerizo
Angela Gupta

" NJIT diversity
offer students &
staff the
chance to
educate,
entertain and
unite all races
as one."

Diversity among the students and faculty is one of New Jersey Institute of Technology's major assets. It ranks 3rd in the nation for its Mosaic style from Asian to African cultures.

Different ethnic organizations year after year present a variety of cultural events such as Hispanic Heritage and African History Months. The students experience an assortment of ethnic foods, ceremonies and dances from the Holi Show to Chinese New Year. The goal is to share each background, so as to blend all the cultures to make one united group.

Student diversity at NJIT has made the university something to be proud of, unifying all the cultures has made us a worldly community.

ONE STEP AHEAD

JANUARY COMMENCEMENT

by
Humberto Baquerizo

"A joyous occasion with friends and family for the final steps of our anticipated event, commencement."

After many years of living and learning at NJIT, the time had come to move on to that next step. While some decided to return to graduate school to continue their education, for others it means leaving for full time employment and other new ventures.

January commencement was a joyous occasion for graduates. And a proud moment for friends and family. Some graduates were apprehensive about graduating on Friday the 13th, but for these graduates it was a very lucky date. For many, this is a period in their lives that came to a close with a few speeches and a walk ending with a handshake.

Yet, at the same time a new path opened up, and each person held the keys to success and prosperity.

HEART OF IT

THE GREEN

by
Humberto Baquerizo

" Spring is the
best time to be
on the Green,
to spend time
outside, and
just be."

The Green is the campus heart. Whether it be the old green or the new green, students spend most of their time debating to go to class or just hang out. Most students veg, play or just wish to about being someplace else on a beautiful sunny day.

The green is the host to many activities on campus, making NJIT students forget about classes and just to have some fun. Some of the activities held on the green are Miniversity, Colors, Hispanic Week, Asian Week, Movies, Spring Week, Greek Week, Bands, DJ Music, Novelty Entertainments, and possibly Commencement. The Green is always the place to be.

Last but not least, our friend on the green, NJIT squirrels. As we cross the green, we are able to enjoy this creature innocence. From running around, jumping on buildings and trees, the squirrels make us laugh, and sometimes forget our stressful curriculum, with their playful charm.

TOGETHERNESS

LIVING WITH FRIENDS

LIVING ON CAMPUS

by
Humberto Baquerizo

"For many,
living on campus
is the first
step into college
life, for others
it becomes much
more."

Living on campus can be a unique experience for freshmen as well as upperclassmen. The Dorms for most is the first step into college life, while for others it is considered home. While being away from hometown friends and family, one must adapt to a different schedule: the life of a college student. Roommates, freedom, late nights, weird eating habits and mix and match laundry all contribute to a well rounded college educated adult.

While life away from the comforts of home seems insane, the Office of Residence Life offers a variety of programs, such as educational, cultural, community as well as social events. All the residence hall activities promote a resident community, outside the classroom and occasionally outside the university.

The dorms are a place where many students find some of their lifelong friends, share the same experiences: classes, stress, professors, papers, finals and parties. The dorm survivors are a special breed.

SEVEN DAY GETAWAY SPRING BREAK

by
Humberto Baquerizo

" A break away
from grueling
classes and
work to enjoy
the magic of
Florida."

Spring Break 1995 A week of rest, relaxation, and fun looked forward to by every student at every school. After eight weeks of challenging classes, the students of NJIT were ready to break. This year, they were off to spend their week in the Florida sun. Cocoa Beach was their destination. Students looked forward to a fun-filled week of swimming, sunning, tennis, and, of course, Mickey.

Students visited many Florida attractions. They travelled to Disney-MGM Studios, Universal Studios, and the Magic Kingdom. After experiencing such an exciting few days, a rest was greatly needed at the beach or by the pool. Pleasure Island Disney was the perfect place to spend St. Patrick's Day with an evening of dancing and frolicking.

We rushed to the airport because we were running late. The trip ended with the sight of a rainbow, giving us strength to battle another eight weeks of school.

FOSTERING UNITY

GREEK WEEK

by
Isabel DeOliveira

"Greek Week
'95 - showing
your letters,
colors, and
spirit for being
greek."

Even though finals are just a week away, Greeks managed time to show off their letters and spirit during Greek Week. This annual event shows the strength and unity of the greek community on campus.

Greek Week '95 festivities began with a greek barbecue and then on with activities such as the tricycle race, izzy dizzy, chariot race, twister, egg toss, three on three basketball, water polo, darts, billards, sega, fooseball, and last but not least the talent show.

All Greeks came out to enjoy the sun, food, and the fun while giving support to their own fraternities and sororities. No matter the letters, we are all greek together.

SPRING LUNACY

SPRING WEEK

by
Humberto Baquerizo

"Rockwall,
Gladiator
Joust, Bungee
Run, Casino
Night and a
Barbeque are
hardly ways to
prepare for
finals."

Despite the end of the semester crunch, and the computer labs, the term papers being due; senior project presentations, students managed to take time out of their busy schedules to enjoy the activities during this year's Spring Week, and to renew campus spirit.

Even though finals are just around the corner, Spring Week comes at the perfect time of the year when campus is alive with the energy of the Spring and the stress of the foreboding finals. The 'Be Alive in 95' theme revived everyone of their winter blues.

The week long event consists of activities such as WJTB Volleyball Tournament, Rockwall, Dunking Booth, Gladiator Joust, Bungee Run, Bouncy Boxing, Movies on the Green, Club Picnic, Senate Barbeque, Casino Night, and Spring Semi-Formal.

MARDI GRAS

SPRING SEMI-FORMAL

by

Isabel DeOliveira

"A night to
remember,
full of
magic and
mystery."

In the quest to be different, NJIT held its 1995 Spring Semi-Formal in the spirit of Mardi Gras. The Graduating Student Committee hosted the event at the Seabras Armory in Perth Amboy. A night full of color, music and dancing displayed the Seniors' spirit of accomplishments at NJIT. From dinner, dancing and fun, all were able to enjoy the misty night. Bright balloons, mascarades, beads, paradise flower centerpieces, confetti and much more made the Mardi Gras Semi-Formal unique in style and color. It was a sold out event thanks to the students, faculty and staff who attended.

The music was a mixture of upbeat oldies, traditional ballads, hip-hop, and dance party favorites such as "Shout" and "Paradise by the Dashboard Light". The dance floor was never empty, from friends to dates, everyone gyrated, jumped, flipped, and dirty danced to the beat of the night.

SHOWING You CARE

COMMUNITY SERVICE

by
Humberto Baquerizo

" NJIT students
show they care
about
volunteerism
on their local,
state, and
national level."

Whether it is in the form of an individual service project, such as a Walkathon for Women and Children Living with AIDS, or a service organization, NJIT students show they care by taking a day off from their tough academic schedule to pledge to the principal of volunteerism.

Many students showed support in the Walk of Champions sponsored by UMDNJ, Route 21 Highway Clean Up, lending a hand at the Community Food Bank, St. Patrick's Soup Kitchen, raising funds for Babyland and buiding homes through Habitat for Humanity.

From bake sales to food and clothing drives, NJIT students, whether it be individuals, clubs, organizations, fraternities or sororities, they always come together to help those in need. After a day of good work, the rewards are the happy faces of those needy people thanking us for a job well done. NJIT truly represents those principals of service.

ACCEPTING THE CHALLENGE

SPRING COMMENCEMENT

by
Humberto Baquerizo

" Cheers,
excitement
and sadness
were in the
hearts of the
graduating
class, as
they bid
farewell to
those
memorable
college
days."

The Garden State Art Center in Holmdel, NJ was the setting for the conferring of the Bachelor, Master and Doctorate Degrees for the Class of 1995, "A Class by Itself". After four, five, six or more years at NJIT, the Senior Class has become part of the prestigious NJIT alumni association. This graduating class has endured the most construction, destruction, reconstruction, and renovation of Newark and the NJIT campus. On May 19, 1995, the graduates walked with pride of their significant achievement and celebrated amongst family and friends.

Cheers, excitement, sadness were in the hearts of the graduating class, as they bid farewell to those memorable college days. As their names were read off, families and friends join together to honor the graduates for their hard work, dedication and sacrifice.

Many graduates move into the real world, jobs and career opportunities, while others will return to universities to continue their education. No matter where they go, these new alumni, know that "To accomplish great things, we must not only act, but also dream, not only plan, but also believe" by A. France in order to succeed.

We must remember that our culmination of college life has ended but new doors have opened to our future. Now that we have accepted the challenge, it is up to us to go back into our communities and help those in need of vision and structure.

CARVING A PATH

Faculty,
Administration,
and Staff assist
students in carving
their own path, while
contributing
themselves to NJIT
standard of
excellence

Always Changing
in
Administration

DR. SAUL K. FENSTER

PRESIDENT

As you complete this phase of your education and prepare to move on, I salute the Class of 1995 for its outstanding accomplishments. You represent an important chapter in the history of NJIT.

The Theme of your Yearbook, "Always Changing", is a rich metaphor. It dates back to the pre-Socratic philosophers of ancient Greece, yet it has lost none of its power in the contemporary world. Your choice of this theme is, of course, particularly fitting at this moment in your lives, but it can also be applied to the on-going development of NJIT.

Throughout its history, NJIT's faculty and academic administrators have kept its curricula current and have sought to anticipate the trends of the future. That process is never complete. Our course of study will continue to undergo re-examination and transformation. Our goal is to make the NJIT of the twenty-first century a research university widely known for its emphasis on the design, development, management, interpretation, and application of sustainable technology for the benefit of society.

We will make the concept of multi-lifecycle education the integrating theme for the university's programs. We will focus on the needs of the market place and become even more responsive to the trends in the global economy. We will increase our emphasis on management skills, and reinforce our emphasis on environmental concerns. And we will continue to be responsive to the needs of the educational market place as we fulfill our statewide mission.

NJIT's research programs will be increasingly interdisciplinary, paralleling its programs of instruction. The further growth of research will be built on a reputation for creativity and dependability in problem-solving. The application of technology to improvements in manufacturing, infrastructure, the environment, information sciences, communications, education, and health care will be our hallmark.

NJIT's institutional culture will encourage and reward entrepreneurial initiative on the part of students, faculty and staff. Programs will place special emphasis on quality and productivity in the context of the global economy. Partnership with private corporations, public agencies and other research universities, both here and abroad, will be a standard operating mode.

NJIT's campus, as well as its academic reputation, will be strengthened as it becomes even more an institution of choice for prospective students and faculty. Ample facilities will be built and current facilities will be renovated to accommodate a broad range of academic, cultural and social pursuits for both residential and commuting students. We will have a new residence hall, new student service facilities, new classrooms and laboratories. Both instruction and research will make effective use of advanced technologies. We will continue to beautify the campus landscape. To achieve this ambitious agenda, we will take an aggressive stance toward the search for external resources and the task of building our endowment funds.

Finally, we will engage in critical self-examination through the disciplines of strategic planning and benchmarking. Whatever the findings, we will respond. We will never rest on the laurels of past accomplishments. We will always seek improvement and embrace opportunities to re-create NJIT as a forward-looking institution.

And just as the university continues to change, so will you. The personal and intellectual development you have experienced over the course of your student years at NJIT provides a firm foundation for your continued growth for many years to come. I take great pride in your emergence as men and women eager to take on the challenges of life and ready to provide leadership. You are well prepared. I am confident that you will help sustain the nation's economic strength and contribute to the civic affairs of your local communities. I hope you will maintain your association with NJIT, and continue to participate actively as members of the larger NJIT community, as we both continue to change. Congratulations and best wishes.

CHIEF ACADEMIC OFFICERS

Dr. Gary Thomas

Provost & Chief Academic Officer

Taking a Unique Approach

NJIT's Chief Academic Officers undertake the responsibility to develop areas of academic affairs, development, budget, and finance. Through their efforts NJIT has prospered to its current standing, and promises to continue to grow in the future.

A few of their combined responsibilities include campus growth, resource allocation, academic planning, research, Dean of Students, Admissions, Registrar, Financial Aid, Computer Services, and Continuing Education.

Dr. Joel Bloom

DEAN OF STUDENTS

Dr. Eida Berrio

Dean of Students

Carving A Path

The Dean of Students is a vital part of NJIT life. From miniversity to commencement, the deans guide and support the students in their collegiate endeavour. DOS is a significant part of every scholar's achievement of receiving a diploma from this distinguished university.

The Dean of Students office contributes to the students in many ways. From overseeing the Counseling Center and Residence Life, to supporting and encouraging student activities. The deans are personally involved in many university activities, and are constantly protecting the rights of the student body.

EDUCATIONAL OPPORTUNITY P
SUMMER, 1994

NJIT
New Jersey Institute of Technology

Educational Opportunity Program

Summer of 1994

At New Jersey Institute of Technology, it is the Educational Opportunity Program (EOP) that provides comprehensive educational and support services to educationally disadvantaged students. Founded in 1968 as the Engineering Opportunity Program, EOP at NJIT is considered a national leader among technologically oriented enrichments programs at the university level.

Today, the program is known as the Educational Opportunity Program - a reflection of the wide range of study open to each EOP students. EOP continues to prepare engineers, but now degrees in architecture, mathematics, chemistry, physics, computer science, management, and statistics and actuarial science are also part of the program. There is even a major called science, technology and society, which is designed to give students an understanding of how technology affects the world and its people.

Each year, approximately 550 NJIT students participate in EOP while progressing toward their careers. EOP students study in all of NJIT's four academic units: Newark College of Engineering, College of Science and Liberal Arts, School of Architecture, and School of Industrial Management.

In Memory.....

Dean Murray passed away before the New Year at home, leaving behind memories of her ideals and strength. I would like to honor Dr. Constance Murray for her job at NJIT. But most of all for giving me strength, support and guidance. Even though she was not physically at commencement, she was watching us from above: Cheering the Class of 1995.

With the same token, I would like to extend my sympathy to the family and co-workers for the loss of Arnold Allentuch (Asst. VP.

Research Graduate Studies), Henry Bleicki (VP. Economic Development), Prof. Denno (Distinguish Prof. Electrical Engineering), William Hazell (NCE President), Sgt. Luis A. Baez (Department of Public Safety), and Prof. Alfred Lee (Humanities Department).

School of Architecture

NJIT's School of Architecture (SOA) is one of two NAAB accredited universities in New Jersey, the eighth largest school of architecture in the United States, and one of the 72 schools worldwide.

SOA is one of the nation's leaders in teaching computer-aided design, drafting and graphics in the design studio.

Being a positive role model, SOA is an active partner with the community in seeking to resolve urban issues such as infrastructure, AIDS shelters and affordable housing with non-profit developers throughout the state such as Habitat for Humanity and La Casa de Don Pedro in Newark.

Albert Dorman Honors College

- Photo by Staff

The Albert Dorman Honors College, represented by a scroll, was established in 1993. The college aims to inspire and prepare NJIT Honors Scholars to succeed through the highest standards of personal and academic achievement.

Albert Dorman Honors College Class of 1995 graduates are: Naykala Alwis, Lance Arlaus, Richard Arlaus, Nicole Borota, Monica Castillo, Kok Chan, Eilee Domonkos, Sean Duffy, Scott W. Fay, Adarsh Gupta, Jorge Henriques, David Hierl, Aslam Lateef, Ian Lonergan, Helman Lukito, Mark McClung, Mukesh Mistry, Nathan Monger, Patricia A. Muller, Nimish Patel, Tom Philip, Ian Rintel, James Roy, Omnia Samra, Melissa Shore, Bonnie Tai, Alice Tzeng, Robert Walton, Nina Wokhlu, Samuel Wykoff, Atif Abbas Zaidi.

College of Science & Liberal Arts

NJIT's College of Science and Liberal Arts (CSLA) provides the opportunities for studying the sciences, mathematics, humanities and social science. CSLA provides students with a comprehensive knowledge of the interaction between science and society. CSLA maintains close academic connection with Rutgers-Newark, where students can easily cross-register in many academic areas. CSLA includes the departments of Aerospace Studies, Computer Information System, Humanities, Mathematics, Physics, and Social Science and Political Studies, Theater, and the Language Learning Center. CSLA prepare students to integrate the studies of technology and society, in order to serve our communities and to adapt to a changing world.

School of Industrial Management

The School of Industrial Management (SIM) prepares NJIT students for tomorrow's vision and leadership in our global economy. SIM provides students with an understanding of traditional management theory integrated with related fields of new and emerging technologies. SIM's most recent program, environmental management, provides students with skills and tools to face and deal with environmental issues such as pollution prevention and abatement. SIM has also developed joint programs with other colleges and universities, giving students the opportunity to take courses at Drew University, Ramapo College and Kean College. SIM students are prepared to lead the corporate world and global economy.

Newark College Of Engineering

The Newark College of Engineering of today has vastly exceeded the vision that even the most daring had for it only a few years ago. Ranked among the nation's best, NCE graduates make up 25% of New Jersey' engineers. NCE provides its many customers with a diverse, superbly trained cadre of engineers that is ready to meet the challenge of leadership as citizens, professionals, and entrepreneurs in the global economy of the 21st century. Programs included biotechnology, chemical, civil, computer, electrical, industrial, manufacturing, and engineering technology. It is the business of NCE to provide the human resources required for success tomorrow. NCE will continue to exceed the expectations of its many customers by understanding their ever changing needs and values, and by responding appropriately, effectively, and efficiently. There is a new population of learners consisting of traditional students and of professionals who require new or updated skills to meet the ever changing needs of the workplace. Our objective is that, as we always change, the results will make every student want to come to NCE as the first choice, will make every employer requiring engineering and technical talent to seek it at NCE as the first choice, and bring every organization requiring new engineering knowledge to NCE as the first choice.

Student Senate

Elected annually, the Student Senate acts as the governing body which provides student representation in areas of academic affairs, student activities, as well as an arena for students concerns and issues. The main objective is to bridge the gap between the faculty, and administration and the student body to improve college life, while addressing the need of all students.

Unity

Graduate Student Association

The Graduate Student Association (GSA), purpose is to provide a structure through which graduate students work together to improve the quality of graduate student life. GSA represents the interests of the graduate students. It also promotes and encourages professional, social, and cultural developments and academic excellence. This is done by helping graduate student clubs getting started, sponsoring pub nites, ski trips, coffee hours, technical writing courses, and GSA day for students to become familiar with this association.

Student Activities Council

The Student Activities Council, best known as SAC, host most of the extracurricular activities on and off the NJIT campus. From weekly movies, trips to Lake Placid, Spring Break, Hypnotists, Comedians, Bands, Pub Nites, Halloween Madness and Newly Coupled Games, SAC keep the calendar full of events for students to enjoy. Since it's creation in 1966, SAC has played a part in every student life at NJIT.

The Vector

NJIT Newspaper, The Vector, "With Magnitude and Direction... Since 1924," continued their weekly tradition of bringing NJIT students, faculty, staff and administration the latest news and hot issues effecting the community. Between the sheets of the Vector was Tech Style: Music Review, Tech Movie, Tech News and Caricatures such as Mutaneers and the Phantom, Editorials, Letters to the Editor, Minutes of Insight, Campus Opinion, and Highlander Sport and many others sections keep students informed.

Facts

WJTB

WJTB has a wide range of programming to fit a variety of taste and styles. The school's radio station does not just broadcast over the air waves, but provides live music at many club events. Despite the set backs WJTB was very visible over the past year, setting up in the Hazell Center, the Green, or anywhere they could get an audience. WJTB, a student run organization, broadcasts to the Hazell Center, the Cafeteria, and you could try to heard them in the dorms. While participating in many campus activities, WJTB keeps us awake and kicking for another school day at NJIT.

Class of ... 95

No matter the letter..

..we are all Greek together. Forming lasting friendships through brotherhood and sisterhood enhances the college experience. From the elation of receiving your bid, through the hectic pledge days and joyous initiation, there is nothing like being Greek. A brother is always there to listen, a sister will forever be your friend. Even though life is *Always Changing*, being Greek is everlasting.

- Photo by DaVor

Always Changing
in
Greek Life

Sigma Tau

Alpha Sigma Tau strives to promote scholarship, philanthropy and tradition while also providing its members with a break from the rigors of tough curriculum. Numerous activities are planned each semester to strengthen the sisterhood. However, this does not restrict sisters from taking active interest in campus life. The sisters of Alpha Sigma Tau can be found on the student government, athletic teams, numerous professional societies and recreational clubs. Alpha Sigma Tau prides itself on its diversity and looks forward to the ideas that new sisters will bring with them. This year, the Beta Upsilon chapter will be celebrating the national 95th anniversary of founders day.

Alpha Sigma Phi

The Alpha Rho chapter of Alpha Sigma Phi has a lengthy but unusual history at NJIT that began in 1907 and came to a rest with a recharter in 1982. The brothers have a house on Warren Street and have been renovating to make it a place that brothers will always want to come back to visit. Alpha Sigma Phi has co-sponsored the 24 hour See-Saw Marathon with the women of Alpha Sigma Tau for over ten years. The brothers of Alpha Sigma Phi strongly believe in anti-hazing pledging and high academic standards for all brothers.

- Photo by DaVor

Alpha Phi Delta

The Beta Xi chapter of the Alpha Phi Delta Fraternity was founded at Newark College of Engineering on March 29, 1952. The national chapter was founded at Syracuse University, in upstate New York on November 5, 1914. Some of the special events on the APD calender include their National Convention, annual NJIT Alumni Phone-A-Thon, Christmas Dance and Spring Dance, The Brothers of Alpha Phi Delta stand by their beliefs of brotherhood, love and justice.

- Photo by Isabel DeOliveira

- Photo by Humby Baquerizo

Delta Phi Epsilon

Founded in 1992, the Beta Eta chapter of the Delta Phi Epsilon Sorority follows the ideas and beliefs of our founding sisters of the Sigma Delta Epsilon. The sisters demonstrate leadership and can be found in many organizations, clubs and sports teams on campus. The sorority has participated in community services such as Newark Clean Up Program, painting a Day Care Center, visiting the children's ward at St. Michael's and fundraising for Cystic Fibrosis, ANAD and Babyland. Since founding the chapter, the sisters believe in our motto -Esse Quam Videri, "To be rather than seem to be".

Theta Chi

Theta Chi was founded on April 10, 1856 at Norwich University and has the distinction of being one of the largest fraternities in the United States with chapters from coast to coast. The Epsilon Psi chapter joined the national organization on December 8, 1963. Theta Chi currently resides in a renovated Newark firehouse. This fraternity is civic minded having close relations with the James Street Association and the Newman Center. The brothers are committed to their motto of lending a helping hand.

Iota Kappa Phi

The local fraternity of Iota Kappa Phi was founded in 1961. The brothers are known for their popular sand wallyball court and Tuesday night events. The brothers enjoy spending their free time on the Green with their dog Cody and ending the year with a canoe trip with Kappa Xi Kappa. The brothers also give back to the community by sponsoring a canned food drive among other charitable deeds. Iota Kaps base their ideals on loyalty and brotherhood.

- Photo by Davor

- Photo by DaVor

Kappa Xi Kappa

The local fraternity of Kappa Xi Kappa took shape in December of 1964. The fraternity has experienced several geographical moves before moving into their Sussex Ave home, which celebrated its burn the mortgage party just last year. Kappa Xi hosts many social events such as a beach party, rules party, and a hayride. The brothers are also involved with their alumni, and hold annual athletic events with them. The fraternity is active on block clean up days and volunteering at a local hospital pediatric ward during the holidays. Kappa Xi Kappa still stands for the same ideals the fraternity was built on.

Pi Kappa Phi

- Photo by DaVor

- Photo by Davor

- Photo by Isabel DeOliveira

- Photo by Geovani Morales

Pi Kappa Phi national fraternity was founded in Charleston, South Carolina on December 10, 1904. The Beta Alpha chapter was chartered on this campus on May 29, 1948. Many Pi Kappa Phi brothers can be found on campus from the gameroom playing dominoes, to the weight room working out or in the radio studio mixing music. Semesterly Pi Kappa Phi sponsors a PUSH-A-Thon which has funded People Understanding the Severely Handicapped since 1977. The national fraternity is the only organization to donate over one million dollars to a single charity.

Sigma Pi

Sigma Pi's national fraternity has been established since November 26, 1897. The Alpha Mu chapter was founded at NJIT in 1927. Sig Pi's are actively involved in many clubs and intramural sports. The brothers have also given many hours to philanthropic projects such as the MS Walk-A-Thon and Habitat for Humanity, which builds homes for those individuals and families who have no where to live. The university can always count on Sigma Pi for their support to help the community.

- Photo by Isabel DeOliveira

- Photo by Isabel DeOliveira

Sigma Psi Kappa

- Photo by Isabel DeOliveira

- Photo by DaVor

- Photo by DaVor

- Photo by DaVor

Sigma Psi Kappa is a local sorority that was founded in 1992. Despite the small amount of sisters, Sigma Psi Kappa has sponsored many NJIT Blood Drives and participated in Greek Week. The sisters have also volunteered with Helping Hands Group of Essex County. In addition, the sisters of Sigma Psi Kappa are active at NJIT in areas such as Student Senate, Resident Assistants in the dorms, varsity tennis and cultural organizations. Sigma Psi Kappa advocates their involvement by firmly believing in leadership, friendship and sisterhood.

Tau Delta Phi

Tau Delta Phi fraternity was founded as three simultaneous chapters in New York. It expanded to Newark College of Engineering in 1949 and moved into its present home in 1962. The brothers participate in many IFSC sports such as football, basketball and volleyball. The brothers have also participated in the Newark Beautification Program. Tau Delt has been involved in planted seedlings along MLKing Blvd. Their social calender includes the annual Pyramid Ball and Hawaiian Luau Party, Tau Delt brothers believe in their motto - eternal brotherhood.

- Photo by DaVor

- Photo by Isabel DeOliveira

Tau Epsilon Phi

Tau Epsilon Phi was founded by ten Columbia University students on October 10, 1910. The Tau Psi chapter was founded on September 25, 1947 after being a local fraternity, Phi Delta Mu. TEP is active in various departments on campus and in IFSC sports. They are always involved in community service projects. In addition to block clean ups, the brothers participate in the AIDS Walk-A-Thon and Adopt-A-Highway on Route 21. The beliefs that all the brothers share are founded on the meaning of this fraternity's brotherhood.

- Photo by DaVor

- Photo by Isabel DeOliveira

- Photo by DaVor

- Photo by Isabel DeOliveira

Tau Kappa Epsilon

On January 10, 1899, a group of men from Illinois Wesleyan University met to form a society whose purpose was "to aid college men in mental, moral and social development". The Kappa Eta chapter has deep friendship, among a group of men who have similar ideals, hopes and purposes. Nationally, TKE has over 322 chapters and over 182,000 initiates. The mascot of the NJIT chapter is ZEKE the TEKE. Tau Kappa Epsilon holds individual character development as a paramount objective. TEKEs can be found in every major from architecture to chemical engineering. The brothers involvement in many NJIT clubs and in service to the community strengthens their brotherhood.

- Photo by DaVor

- Photo by Geovani Morales

Tau Lambda Chi

Founded in 1963, Tau Lambda Chi is a local fraternity that celebrated its 30th anniversary within the last year and is concerned with only one item: **BROTHERHOOD!** TAX men can be found in many NJIT's sporting teams such as the soccer and ski teams. Members are also involved in intramural and IFSC sports. Tau Lambda Chi is known for their social functions such as the Deadline party, Booze Luge and Play with the Squid. In spite of their small size, the brothers encompass a vast range of interests and activities. The brothers pride themselves on their loyalty and unity to one another and the relaxed atmosphere which exists within their organization.

Greek

And the winner isthe successful third annual Greek God contest. Alpha Sigma Tau and Delta Phi Epsilon sororities co-sponsored the event where members of fraternities competed in casual evening wear, swimsuit, talent and the personal interview. Some talents included dancing, soccer foot drills and poetry reading. Some of the sorority sisters assisted throughout the night as escorts. Backstage, the contestants were nervous but when they came to the stage, their composure surfaced. The participants and audience had a fun time and it raised money for a worthy charity. The money raised from the contest was donated to Babyland-Babies with AIDS.

SCORING GOALS!

MEN'S SOCCER

by
Humberto Baquerizo &
Athletics Department

"Highlanders
posted it sixth
winning
seasons in
the past
seven years."

Under the first-year coach Dan Kilday, the Highlanders posted a 10-7-2 record, making it six winning seasons in the past seven years. They captured their third Independent Athletic Conference title in four years with an undefeated conference season, and finished in second place in the Skyline Conference with a 4-1 mark, falling only to conference champions U.S. Merchant Marine Academy.

Goaltender Jeff Shepard recorded six shutouts and was named to the All-Skyline first

team, along with midfielder Alfredo Fumacas and defender Scott Lau.

Also James Anderson, Rick Ybarra, Alfredo Fumacas, Jeff Shepard and Scott Lau received ALL-IAC Honors for their outstanding performances.

The NJIT Scholar-Athletes were: James Anderson, Sylvego Bennett, Jeff Brockmeyer, Brian Heinsohn, Rafael Jimenez, Scott Lau, Eric Lepore, Sean McClellan, Decosta Williams, and Rick Ybarra.

Five of the Highlanders' seven losses came by only one goal, and only once, against nationally ranked Howard. Overall, Highlanders outscored the opposition by a 40-21 margin.

The good news, is that nearly the entire team returns next season. Only five seniors depart, and with eleven freshmen having seen action in 1994, a very promising future lies ahead.

The team is awaiting next season, for another winning year and future success.

RAQUET ATTACK

WOMEN'S TENNIS

by
Humberto Baquerizo &
Athletics Department

"Young team
endures
despite loss
of coach."

NJIT's women's tennis team enjoyed success despite off-the-court problems. The final record of (4-5) was deceptive. The team won the Independent Athletic Conference championship, and was always competitive despite losing their coach two weeks into the season.

Women's athletic coordinator Brenda Zabriskie-DeNure took over as a coach for the team for the balance of the season and is credited the

dedication of the players for the success they had. Kristi Muldoon took first-team honors in the Women's Intercollegiate Athletic Conference, while other standouts included Derys Rodriguez and Angela Gupta.

NJIT ended the season with victories against Mount St. Vincent, Bard, and Stevens earning the Highlanders IAC championship.

Jeannie Lee and Angela Gupta each won three singles matches tying for the team high. They were also ALL-IAC. NJIT Scholars-Athletes were Angela Gupta, Khin Gyi, and Jeannie Lee.

As the season concluded, Ernestine Swart was named coach of both women's and men's tennis teams. The coach is looking for good things to come from this group in 1995.

PASS-SET-SPIKE!

WOMEN'S VOLLEYBALL

by
Humberto Baquerizo &
Athletics Department

"Always
at the
edge,
pumping
their way
to the
front
line"

The Highlanders women's volleyball team went with youth in 1994, and as results show both good and not-so good things happen when you make that choice. NJIT finished with a 9-14 record, placing second in the IAC and third in the WIAC.

The team put together a four-match winning streak during the season, including wins over Stevens Tech (3-2) and Jersey City State (3-1).

With five underclassmen in the starting lineup, a steady influence on the floor was always a plus, seniors Karla Alvarado, Clara Ponton, and

co-captain Bonnie Tai brought needed experience to a young squad.

Offensively, the spark was provided by sophomore co-captain Lenny Jimenez (133 kills, 33 service aces) and freshman Carmen Pichardo (98 kills, 33 aces).

NJIT Scholars-Athletes: Karla Alvarado, Lenny Jimenez, Clara Ponton, Bonnie Tai, and Michelle Talocco.

With a solid nucleus returning, Coach Bob Fardi expects significant improvement in 1995.

AIMING THE STARS

MEN'S BASKETBALL

by
Humberto Baquerizo &
Athletics Department

"First team to
win five
consecutives
IAC Titles."

Coach Jim Catalano's team was ranked #1 in the pre-season by The Sporting News and numerous publications picked the Highlanders as a national championship contender. With such high expectations, the highlanders met nearly every challenge. Their 28-2 record was the best in NJIT history, and their 22-games winning streak surpassed last season's previous-best 17 in a row, becoming the first team to win five consecutive Independent Athletic Conference Titles.

Highlanders suffered a

heartbreaking loss to Rowan College, ending their season - one win short of the "Final Four." Overall the team earned a #1 seed in the NCAA Atlantic Region with a historical record.

Among the numerous awards earned by the Highlanders, coach Jim Catalano was named Coach of the Year by the National Association of Basketball Coaches, the IAC, and the Metropolitan Basketball Writers Association. While Andrew South, Clarence Pierce, and Joe Marcotte were named to various All-American teams.

Pierce was voted Player of the Year in both the Skyline Conference and the Independent Athletic Conference. South was named Pre-season Player of the Year. Both South and Pierce were also named to the ECAC All Metro Region first team.

Highlanders will lose their seniors due to graduation. A solid returning cast, led by Pierce, center Chris Kelly, and high-flying forward Akida Ellerbee will try to keep NJIT in the national spotlight next season.

"..., the
second
winning
streak in
nine year
history"

NJIT ended the season with a 12-11 record, the second consecutive winning season for the Highlanders. Victories began to add up, including one over a nationally-ranked CCNY team.

The Highlanders won their final five games of the season, the second-longest winning streak in the nine-year history of NJIT women's basketball program.

NJIT captured the Stevens Invitational Championship, defeat-

ing Yeshiva and Mount St. Vincent. Among other victories was the 68-66 upset of CCNY, which at that time was ranked 20th nationally in Division III.

Junior Kristie Simpson, who averaged 25 points per games over the final five game, was named to the Women's Intercollegiate Athletic Conference all-star first team, while Senior Laura Batista and junior Wendy Gruenewald were second-team selections. Sophomore Brenda Rodriguez was named to

the All-Tournament team at the Warner Southern (Fla.) Invitational.

Although the senior leadership of Battista will be tough to replace, the rest of the team returns next season. Combined with next year's freshman class and the possible returns of players who did not participate this year, the future looks bright as the program enters its tenth season in the fall.

TECH DUEL

FENCING

by
Humberto Baquerizo &
Athletics Department

"Inexperience
prevents
winning
season."

With a new coach in Craig Garretson and a squad consisting of mostly freshmen and sophmores, the Highlanders fencing team posted an overall record of 5-10. NJIT finished second in the IAC with a 2-1 mark, losing to conference champion Yeshiva in a close match.

The Highlanders did make an impressive showing in the Mid-Atlantic Collegiate Fencing Association championships, placing third overall, the result of strong performances by junior Geovani

Morales and sophomore Byron Rumph. Those two, along with senior Rolan Yang, were named to IAC ALL-Conference team. Yang became the first NJIT fencer to be named ALL-Conference four times.

NJIT Scholars-Athletes: Ed Eads, Edwin Herrera, David Johnson, Geovani Morales, Byron Rumph.

With the year's experience gained by the underclassmen, the returning fencers will look to improve their record in 1995.

WINNING TRACK

MEN'S VOLLEYBALL

by
Humberto Baquerizo &
Athletics Department

"Freshman
make an
impact.
Men's Volley-
ball looks to
the future."

Nowhere is the influence of the Class of 1998 more dramatic than on the NJIT men's volleyball team. Five talented freshman joined coach Dave DeNure's team this season, and three - Craig DeMott, Joe Quanaim and Adam Fritz- immediately became starters.

With only two juniors and two seniors among the fourteen - member squad, youth is the prevailing theme. Of course the senior will always be heard from and Tarik Rodgers, an All-East selection

last season, continues to make his presence known on the court. He is among the national leaders in kills and blocks.

NJIT has a record of 20-13, with the Division II championship, giving a sixth consecutive winning season to the team. The Highlanders won their fourth consecutive Independent Athletic Conference Championship early in the season and were seeded second in the Division III championships.

Tarik Rodgers was named National Player of the Week by the American Volleyball Coaches Association for his performances in the Division III Championships. Freshman Adam Fritz was 15th nationally in service aces. The NJIT Scholars-Athletes: Jon Bednasz, Joe Quanaim, and Jayson Stark.

Coach DeNure looks forward to a great season next year, to continue NJIT Highlanders' winning tradition.

LADY BATTERS

WOMEN'S SOFTBALL

by
Humberto Baquerizo &
Athletics Department

"A 3-4
record,
winning
three
consecutives
games."

Although some talented athletes are members of rookie coach Denise Bernarducci's softball squad, a lack of overall depth has resulted in early season defeats. Highlanders had a 3-4 record, winning three consecutive games.

NJIT took an early lead, then Rutgers came back to tie, and the contest turned into an offensive battle as the visitors took a 14-9

lead as the Highlanders came up to bat in the bottom of the seventh inning. And then, two hits, three walks, and two errors produced four runs as NJIT pulled to win one run with two outs.

Pitcher Dana Michael then smacked a double to left field, scoring the final two runs as the Highlanders won their first softball game in three years with a dramatic 15-14 triumph.

Dana Michael and junior Amy Maglori are tied for the team lead in the runs batted in with nine. Addition of freshmen Kimberly Wood and Monique Spulli gives the Highlanders a youthful base to build their softball program.

The women and coach Bernarducci are looking forward to next season and more victories.

HITTING THE CYCLE

MEN'S BASEBALL

by
Humerto Baquerizo &
Athletics Department

**"Defense,
Pitching
woes keep
NJIT below
.500."**

Pitching and defense, two elements that often determine a team's success on the field, are what have casued the Highlanders to struggle at the midpoint of the season.

Coach Gene Schmid's club is 12-10, taking first place in the Indepedent Athletic Conference (IAC). NJIT was also in third place in the Skyline Conference. Giving coach Schmid recorded his 350th career victory in NJIT.

Tom Carrubba and sophomore Eric Bliss have driven 19 runs, a team high. Tom Carrubba leads the team with three home runs. While catcher Eric Bliss has thrown out more than half of all runners attempting to steal bases.

Pitcher Rick Johnson earned the Skyline Conference Pitcher of the Week honors after picking up a win and a save in the doubleheader

sweep of Stevens. Pitcher Ron Dollard has half of the team's win and also hits over .300, playing shortstop when not on the pitcher's mound.

NJIT Scholars-Athletes: Ron Dollard, Tom Carrubba, Rick Johnson, Kevin Roycoft, and Don Wedekind.

Coach Schmid hopes for a great season and another winning record for the Schmid's Club.

ICE TIME

HOCKEY

by
Humberto Baquerizo &
Amy Kroeger

"NJIT Hockey
team was
filled with
mixed emo-
tions..."

The NJIT hockey team was filled with mixed emotions this past year. After being placed in a higher division following last year's promising season, Highlanders were somewhat disappointed despite their efforts. They look toward next year and a promising future.

This season, unfortunately, will be the last for veteran goaltender Steve Wojdyla. His leadership and guidance has been an inspiration for the past four years. It was Wojdyla, five years ago, who restored the team that hadn't been a part of the NJIT community since the mid-1980's. He along with Dave Caggiano and Emil Lago

worked countless hours to make NJIT hockey a reality. Dave and Emil were also lost this year to graduation. Emil Lago graduated in December, much to the dismay of his fellow teammates. Over the course of his four seasons on the team, Lago became one of the team's, as well as the league's, leading scorers. His agility and grace on the ice was not only beautiful to watch but also skillful and consistent. Dave Caggiano, also a leading scorer within the league, graduated in May. Caggiano, the team's captain, has been a key player in both offense and defense. Finally, graduates, Mike Lisowski and George Olmo, both of whom

took time away from their rigorous Architecture schedule to be two of the key components of the team. Lisowski, another four year player, and leading scorer, could be counted on in tricky situations and for several years was part of the first line along with Caggiano and Lago. George Olmo, who just played his third season, was one of the toughest players on the team. The loss of these players, however, is not the end of NJIT hockey. Next year's team will look to the experience of third year players Mike Aliprantis, Dave Barker, Jovan Mehandzic and Greg Tomczyk, as well as this year's assistant captain Sean Burke.

The team would like to thank: the Wojdyla's; the Cashnelli's; and the Moschello's, for all their support throughout the season. Also a special thanks to statisticians Amy Wojdyla and Peter Gasior, H2O Engineer Jennifer Stellenberg and Good Samaritan Leigh Fucetola. Finally, thanks to "the loudest fans in the league"(you know who you are)!

Gonfalons, the insignia or symbols first used by princes or states in medieval Italy, have in recent times become widely used by the colleges of major universities. The 1987 commencement ceremony marks their first processional use by **New Jersey Institute of Technology**. Each of the NJIT colleges is identified by its own symbol and by the year in which degree-granting programs were initiated.

The Albert Dorman Honors College, represented by a **scroll**, was established in 1993. The college aims to inspire and prepare NJIT Honors Scholars to succeed through the highest standards of personal and academic achievements.

Newark College of Engineering has as its ensign a chess **rook**, an ancient symbol associated with engineering and problem solving as well as an early device in heraldry. It is shown on a field of academic orange with the year 1919, as the date when academic degrees were first authorized for the college.

School of Architecture carries as its symbol a representational **column** head, the classic denotation of the discipline which is used throughout the college. It is shown on a field of blue violet, the academic color, and bears the year designation of 1973.

College of Science and Liberal Arts is identified by a **lamp**, another medieval symbol, commonly seen as a source of intellectual, moral and spiritual illumination. The white and gold encompasses both arts and letters and the theoretic and applied aspects of science. The college was organized as a degree granting entity in 1982.

The American **eagle** in flight is the pictorial representation of the School of Industrial Management, symbolizing vision, control and integrity. Often depicted on the coinage and currency, the eagle enjoys a historical tie to business and management and is shown against light brown, the academic color of its discipline.

Alma Mater

To Alma Mater fair and great
Our voices now we raise;
Our gratitude we demonstrate,
Her steady torch we praise.
Her challenge on us ever falls;
A world of knowledge calls.
In heart and mind
Our trust we'll bind
To our NJIT.
We'll hold her memory ever dear
Her spirit we'll revere.
To her we promise loyalty
Our own NJIT.

Music by
Professor James N. Wise

Lyrics by the late
Professor Frederick Fernsler

HISTORY OF

The pagentry and tradition of college and university commencement ceremonies originated more than 800 years ago in the medieval universities of Europe. These early universities were bodies or guilds of students who took their name from the Latin word *universitas*, meaning a number of persons associated into one guild or community. These guilds were dedicated to the mastery of the arts and sciences. The master's or doctor's degree denoted full membership in the guild and admitted the recipient to the practice of teaching. The bachelor's degree, on the other hand, originally indicated only that the recipient had entered a course of study leading to the doctorate or mastership. Later, the baccalaureate came to signify the completion of one level of study preparatory to higher degrees.

The term "commencement," which means beginning, originally referred to the occasion on which the student received the master's degree and "commenced" his career. Today, however, all levels of degrees are conferred at commencement.

COMMENCEMENT

THANKS, BOB!

Robert John Moran, in other words - BOB, has been an inspiration to the Class of 1995. He has been an Advisor, Instructor, Coach, Director, Dad, Emergency Medical Assistant and most of all, a FRIEND to the students of NJIT. He has given continuous support and guidance to this graduating class from Miniversity check-in until we walk to receive our diplomas, 4,5,6 years later. Bob, you have watched us grow, evolve, and mature. Along the way we may have made mistakes, but you always stuck by us with your quiet wisdom. Bob, a special thanks from all of us to you. We will miss you.

NASA's space shuttle mission 64 tests the operations of a Simplified Aid For Extravehicular Activity Rescue (SAFER) device. Crew member Mark Lee maneuvers successfully outside the Discovery, while Carl Meade photographs him against the background of Earth.

Martin Rodbell and Alfred Gilman are awarded the 1994 Nobel Prize in Physiology or Medicine for developing a model of cell communication that has medical implications from cholera to cancer.

The Food and Drug Administration institutes new food labeling on almost all foods in response to consumer protest against the many misleading claims of food producers. The new readable labels provide realistic serving sizes, list calories from fat, and allow you to compare different nutrient values.

UP/Balmain

The century's greatest chemist and antinuclear activist, Linus C. Pauling, winner of the Nobel Prize for Chemistry in 1954 and the Nobel Peace Prize in 1962, dies at the age of 93. His work on DNA laid the foundation for Crick and Watson's discovery of the double helix.

Institute of Human Origins

In Ethiopia, anthropologists discover the skull of a human ancestor, *Australopithecus ramidus*, 4.4 million years old. The new species has features midway between apes and humans and promises to provide clues to still earlier evolutionary stages.

Japan's "Love Love Simulation" computer program allows couples to take a non-scientific look at future offspring by digitally combining their own photos to predict a child's appearance.

Science

Astronomers wait at every major telescope in the world to see the historic cosmic crack-up of the 21 big fragments of Comet Shoemaker-Levy 9 as it smacks into the atmosphere of Jupiter at 134,000 miles an hour. Plumes of fire shoot up hundreds of miles, high enough to become visible to telescopes on Earth.

Internet activity rises sharply as surfers find their way around the information superhighway. Advertisers, rock music reviewers, the worldly Voice of America, and others decide it's time to jump on.

NASA publishes a new report supporting the theory that a giant comet hit Earth 65 million years ago and vaporized 100 billion tons of sulphur to create the cloud barrier that froze Earth's atmosphere and killed the dinosaurs.

A cave is found in southern France, full of 300 vivid paintings of woolly-haired rhinos, bears, mammoths, panthers, and owls made about 20,000 years ago. The Stone Age artists also left behind bear skulls, flint knives, footprints, and fireplaces. Experts call it the archaeological find of the century.

BSIP from Custom Medical

A long-term study of radial keratotomy finds it generally safe and effective. For the nearsighted, tiny spokelike incisions into the eye improve focusing ability and eliminate the need for eyeglasses. The patient is awake for the procedure.

The non-violent CD-ROM game *Myst* by Cyan, Inc. becomes a best-selling phenomenon, winning legions of devoted fans and spawning imitators. The fantasy-adventure's graphic visuals are hyper-real; the written word is the key to the mystery.

One of Lake Superior's enduring mysteries is solved by scientists and marine historians who explore the wreck of the Edmund Fitzgerald, an ore carrier that sank with its crew in a 1975 storm. The ship, overused and in poor condition, was ripped apart by 90-mph winds and 30-foot waves. Most of the 29 crewmen are entombed inside the wreckage, well preserved in the 39° waters.

Gerard Laz, Animals/Animals

Cutbacks in military spending force the U.S. Navy to reduce its elite 100-dolphin fleet trained for use in sonar research, mine sweeping, and underwater recovery. Too tame to be released in the open sea, the veterans of conflicts from Vietnam to the Persian Gulf retire to aquariums and water parks.

The most popular names for newborns this year are Ashley and Michael.

Young people serve their country by volunteering under a new program called AmeriCorps, where 20,000 people aged 17 and up work with community-based organizations in exchange for \$7,500 plus money toward college tuition or loans.

One percent of the nation's 50 million school-age children learn at home as families seek alternatives to public schools. In a handful of high-tech experiments, kids submit homework by modem, download books and artwork from the Internet, and collaborate on academic projects with other children around the world.

A survey of college kids reveals their favorite sources of sugar and caffeine during all-night studying to be: powdered iced tea, peanut butter mixed with marshmallow cream, baby food, ramen noodles, raw cookie dough, and trail mix made from chocolate chips, graham cracker bits, and mini-marshmallows.

LifeStyle

© James D. Wilson/Gamma/Liaison

A lively new cafe society centers around the 5,000 gourmet coffeeshops which spring up around the country. To the often young and trendy patrons, the social interaction is just as important as the espresso. Some cafes offer full-time Internet links so patrons can sip and chat with other Internet latte-drinkers.

Yoga, a Hindu system of stretching exercises for well-being, surges in popularity, mostly because the older generation seeks a technique for alleviating stress and finds yoga better than aerobics.

Colia, Gamma/Liaison

Aerobic boxing, with boxing-style leg and arm work, turns out to be one of the year's hot exercise trends, showing up in workout studios and attracting those who want to work off their aggression by throwing a right and a few jabs.

Besides recycled clothing like license-plate bustiers, bottle-cap jewelry, trash-bag and duct-tape dresses, fashion trends include the schoolgirl look with thigh-highs, and the grunge-turned-beatnik look of long, straight hair and a goatee.

A new survey shows that over 12 million Americans are vegetarians, choosing the no-meat lifestyle because of concern about animal cruelty, cost-efficiency, eco-friendliness and/or improved health and fitness.

The hottest merchandise around is Mighty Morphin Power Rangers, so hot Cabbage Patch dolls pale in comparison. Parents criticize Fox's super-violent TV show, but their kids crave Dragon Daggers, Megazords, and the 4-foot, \$230 battery powered car. "Go, go, Power Rangers!"

A hot new collectible derives from an old household item. Milk caps, known in some regions as pogs, originally capped the bottles left by the milkman but have now gone funky with colorful printed designs and variations that are traded and used in games.

Although most are forced to settle for Oakley wrap-arounds, stylin' kids, like in-line skaters and urban youth, clamor for Arnet's \$80 Ravens with the silver-chrome frames.

Led by brash young skate and surf types, two million snowboarders nationwide discover the joy of swooping down slopes on one board instead of two. No hard boots, no poles, no crossed tips, make it easier than skiing. Since their giant frozen wave is a ski hill, snowboarders annoy old-style skiers who want their slopes left undisturbed by shredders.

Nathan Blow/Allsport

The first generation to ignore colas in favor of fruit drinks, today's young people give Snapple popular cult status. The trend breeds juice wars as Snapple imitators like Fruitopia vie for youth market shares and inundate the airwaves with Generation X-type advertising.

Pope John Paul II authors *Crossing the Threshold of Hope*, a blend of theology, evangelizing and personal reminiscence. It becomes a best-seller in 35 countries.

Jacques Chenet, Gamma/Liaison

Remaining a virgin in the face of peer pressure finds new respect among teens who defend their freedom to forgo sex in a sex-crazy world. The movement is both a demand for real love and a reaction against unwanted pregnancy and health risks, since today one out of four kids are infected with sexually transmitted diseases by the age of 21.

Will and Deni McIntyre/Photo Researchers

It's called "the year of the cottage industry" as more Americans adopt different work arrangements in response to corporate downsizing, either by telecommuting or starting businesses out of their homes.

Kool-Aid makes a cheap hair-dye, an alternative to bleached hair with, say, Prizm Blue added for sheen. The "city fade" shaves the sides of your head and leaves the top longer, and the matted hair look is achieved by leaving the soap in and forgetting to comb.

Reed Williams, Animals/Animals

The designer pets of the year are African pigmy hedgehogs, and some 3,000 find homes with humans. They are gentle, like to be petted, and need a once-a-day feeding of pet food or mealworms. They don't smell and will even eat your roaches.

John Travolta and Samuel L. Jackson star in *Pulp Fiction*, an "extravagantly demented low-life lalapalooza with outlandish twists." The film's plot revolves around a watch, a briefcase, and a large syringe in a darkly humorous scene which reportedly causes a few audience members with needle-phobia to fall out of their seats in revulsion.

John Candy, the large and lovable star of films *Splash*, *Cool Runnings*, *Home Alone*, and many other family favorites, dies at the age of 43. Whether Candy played jerks, slobbers or loonies, his natural goodness came shining through.

Gamma/Liaison

"Life is like a box of chocolates," says its title character. *Forrest Gump*, starring Tom Hanks, surprises everyone with its popularity, attributed to the audiences' thirst for the film's theme of simple values and good intentions. Fascinating special effects place Gump into real news footage with U.S. presidents.

©Sygma

Every Tuesday night 20 million homes tune in to "Home Improvement," television's No. 1 show, starring comedian Tim Allen as Tim Taylor, the how-to host of "Tool Time," with his wife Jill and three kids. Fans love this funny real-life reflection of middle-class family life.

©Sygma

Comedian Jim Carrey's career is s-s-smokin'. In *The Mask*, Carrey plays shy Stanley Ipkiss, who discovers that a mythical mask can turn him into a very cool green-faced cartoon-like dude. While waiting for sequels to *The Mask* and *Ace Ventura: Pet Detective*, Carrey fans enjoy current hit *Dumb and Dumber*.

With a tried-but-true storyline, the TV show "Me and the Boys," becomes an immediate family favorite, with stand-up comic Steve Harvey playing a widower who's left to raise three lively sons singlehandedly.

ABC from Shooting Star

Reality-based television programs rule the tube with "Cops," "American Detective," "FBI: The Untold Stories," "Top Cops," and "Rescue 911." "America's Most Wanted" and "Unsolved Mysteries" enlist viewers' help in tracking down fugitives.

Diego Uchitel, Shooting Star

Shameless prime-time soap opera "Melrose Place," co-starring Heather Locklear and Grant Show, attracts legions of fans with its silly-sensational plotlines and shallow-but-beautiful characters. Fans even buy the TV show's soundtrack and "MP" clothing.

Geffen Pictures from Shooting Star

Tom Cruise bites as the elegantly evil vampire Lestat in the film based on Anne Rice's novel *Interview With the Vampire*. Brad Pitt costars in the story that's been a favorite with millions of readers for twenty years.

Steve Granitz, Petra

Comic Margaret Cho stars in the first all-Asian sitcom "All-American Girl," about a college girl who's not making enough money to move away from home and has to live with her rigidly traditional Korean immigrant parents.

The animals aren't cuddly, but Disney's 32nd animated feature *The Lion King* is still a box-office smash and a sure classic. The story of a young lion, Simba, on the path to maturity combines five Tim Rice/Elton John songs with comedy that leaves audiences roaring. Just say "Hakuna matata," Swahili for "no worries."

Capital Cities/ABC from Shooting Star

Talented young Claire Danes stars as a savvy 15-year-old confronting adolescent anxieties in the ABC television series "My So-Called Life," which receives critical acclaim. Danes also stars in the movie *Little Women*, with Winona Ryder.

This year's Emmy for best comedy series goes to TV's "Frasier," the story of a radio psychiatrist with a dysfunctional family. Star of the critical and main-stream hit, Kelsey Grammer dedicates his best-actor award to the dog "Eddie" whose off-screen name is Moose.

Katz, Gamma/Liaison

Gamma/Liaison

After his villain in Shakespeare's *Much Ado About Nothing* and his title role in Bertolucci's *Little Buddha*, actor Keanu Reeves buffs up to play an action star in *Speed*, about a bomb and a runaway bus, one of the year's biggest box office hits.

With the first female starship captain, TV's "Star Trek: Voyager" is the newest offshoot of the enduring Star Trek phenomenon, after "Deep Space Nine," "The Next Generation," and this year's full-length feature *Star Trek: Generations*.

Lou Gehrig's last day, Sandy Koufax on the mound, and Jackie Robinson's arrival are all part of the Ken Burns film "Baseball," an 18 1/2-hour historical mini-series on PBS. "Baseball" touches on American issues of race, labor, immigration, the role of women, urban renewal, popular media, and the nature of heroes and mythology.

Bedmann Archive

Gamma/Liaison

Although his action fans may prefer *True Lies*, Arnold Schwarzenegger, with co-star Danny DeVito, cracks up audiences in *Junior*, where the strongman plays a boringly-serious scientist who tests a fertility drug on himself, learns the joys of motherhood, and falls in love with the baby's mom, Emma Thompson.

Harry King, Gamma/Liaison

"Baywatch," the world's most-watched syndicated TV show, is a feel-good action/adventure about a Malibu lifeguard, played by David Hasselhoff. Sunny beach scenes take the pressure off plot or character development. In tribute to its popularity, Mattel, Inc. creates Baywatch Barbie.

Fine Line from Shooting Star

Hoop Dreams is a documentary about two young Chicago athletes who dream of playing in the NBA. Arthur Agee and William Gates soon realize the dream will have to come at the expense of everything else. *Hoop Dreams* offers as much drama, excitement, and emotional ups and downs as anything to come out of Hollywood.

After their Woodstock '94 performance scores them mass adulation and an onstage mudfight, punk-pop trio Green Day wins the title for this year's best new band. Their album *Dookie*, featuring "Basket Case," goes triple platinum.

LPs make a comeback when major recording labels give in to pressure from artists and fans. New titles are released on vinyl, as well as CDs and tapes. Pronounced dead in the '80s, the revived 12-inch long-plays come complete with the art-covered sleeves and lyric-sheet inserts that make them collector's items.

Liz Phair follows up *Exile in Guyville* with *Whip-smart* and songs like "Super Nova" and "Jealousy." Her music is said to be about self-parody, defensiveness, beautiful flaws, and cluelessness.

Futuristic noise mavens Nine Inch Nails and singer Trent Reznor drive home a point with their "Closer" single and hit video, from their album *The Downward Spiral*.

Mosh pit heroes Bad Religion get plenty of play with "21st Century Boy" and their album *Stranger Than Fiction*.

Beastie Boys release their fourth hip-hop album */// Communication* on the heels of their highly popular *Check Your Head*.

Superunknown, a 70-minute, 15-song opus, debuts at No. 1 on the *Billboard* charts. Fans and critics say it's the best record of metal band Soundgarden's career.

Brooks Kraft, Sygma

John Alashian, Retna

Singer Sheryl Crow hits paydirt with her debut album, *Tuesday Night Music Club* with the seedy-but-upbeat sounds of "Leaving Las Vegas" and "All I Want to Do."

Jim Graham, LGI

Jodeci, two pairs of brothers whose funky ballads coined the term "Feenin'," bring gospel harmonies to their new album *Diary of a Mad Band*, which goes platinum.

Jim Graham, LGI

They dress alike and rule Motown. It seems like Boyz II Men only makes mega-hits, like "On Bended Knee" and "I'll Make Love to You." Their second album, *///*, goes straight to No. 1 on the R&B charts.

With quirky lyrics and bass-voiced singing on hits like "Mmm, Mmm, Mmm, Mmm," the *Crash Test Dummies'* album, *God Shuffled His Feet*, becomes a chart-topper in the U.S. and Europe.

Forex from Shooting Star

Although Madonna's bad-mannered appearance on *Letterman* begets criticism, her album *Bedtime Stories*, with hits "Take a Bow" and "Secret," is a solid chart-topper.

Eddie Malluk, Retna

Seattle rock band Pearl Jam and front man Eddie Vedder give youthful angst a good name as they rock hard with their third album, *Vitalogy*, considered their strongest yet.

Music, moshing, and lots of mud define Woodstock '94. The 25th anniversary of the original 1969 "summer of love" has ATMs, Pepsi, and '90s prices: \$135 tickets and \$4 hamburgers. After happily grooving to everything from Bob Dylan to Nine Inch Nails, 350,000 fans depart peacefully.

Scott Weiner, Retna

Pop-siren Janet Jackson's body language and lyrics draw large concert crowds to see her perform hits like "You Want This/70's Love Groove." Jackson wins an MTV Music Award for her video "If."

Singer Vince Gill makes country music history by winning the Country Music Association's award for top male vocalist four years in a row. The CMA also awards him 1994 Entertainer of the Year.

S. Nannareello, Shooting Star

STEWART

EMI Records releases *Live at the BBC* a two-disc set of radio concerts recorded by the Beatles in the early '60s. "Free as a Bird," an original unfinished track by the late John Lennon, is finished, mixed with the live voices of Paul, George, and Ringo, and included in the set.

Nominated for best female vocalist, country singer Mary Chapin Carpenter croons at the Country Music Awards ceremony, but loses to Pam Tillis. Carpenter's album *Stones in the Road* tops the country charts.

Scott Weiner, Retna

The Canadian band Cowboy Junkies, whose big hit this year is "Sweet James," sings of isolation and despair on their latest album *Pale Sun/Crescent Moon*.

Deniz Kalkan, Retna

Powered to the top with their pure pop sound, Swedish quartet Ace of Base tops the charts with *The Sign*. Their sound is a contagious blend of reggae-splashed pop known as "China Reggae."

Mascis emerges as a prolific and versatile songwriter for the punk-rock band Dinosaur Jr. with "Outta Hand" and major hit "Feel the Pain," both on their latest album *Without a Sound*.

Larry Busacca, Retna

Tommy Cohen, Shooting Star

The Benedictine Monks of Santo Domingo de Silos release their CD, *Chant*. Heavy rotation on MTV turns the collection of ancient Gregorian chants into an unexpected best-seller.

Niels Van Iperen, Retna

Irish rock foursome, the Cranberries, tour the United States playing the sad, pretty melodies from their second hit album, *No Need to Argue*.

Jeffrey Stiles, LGI

Rappers with a self-reliant attitude, Salt-N-Pepa keep their *Very Necessary* vibe going this year with hits "Shoop" and "Whatta Man" which wins them, along with En Vogue, an MTV Music Award.

Michael Benabib, Retna

Rapper Snoop Doggy Dogg's performance makes the movie soundtrack *Above the Rim* a best-seller. His video "It's a Doggy Doggy World," which reunites all the '70s black exploitation film stars, wins an MTV Music Award.

Jay Blakesberg, Retna

It's a year of hits for buzz band, Gin Blossoms. Their top-selling album *New Miserable Experience*, covers "Hey Jealousy," "Found Out About You," and "Until I Fall Away."

Ronnie Wright, LGI

Dismissed as kiddie artists, three 12-year-old rappers who go by the name of Immature, get a new sound. Album *Playtime Is Over* and hits "Never Lie" and "Constantly" pump them up to stardom.

David Corio, Retna

Hailed as the crown prince of reggae, Buju Banton's album, *Voice of Jamaica*, pumps the party with "Walk Like a Champion" and "Man a Look Yuh."

Katie Ladyko, Shooting Star

Hit single "Cryin'" wins MTV's Video of the Year award for singer Steven Tyler and metal band Aerosmith, who ride a wave of success and release their new album *Big Ones*.

Ranked No. 1, the University of Nebraska Cornhuskers finish their unbeaten season by defeating the Miami Hurricanes to win the national title. Quarterback Tommie Frazier earns MVP honors by guiding the Huskers to two fourth-quarter touchdowns and a frenetic 24-17 victory.

She was a pro at 13, a millionaire at 14, and out of the game at 17. After getting booked on charges of marijuana possession, tennis star Jennifer Capriati enters a drug rehab program and makes a comeback in autumn where she plays well but loses her first-round match.

Former Wimbledon champ Andre Agassi wins the 1994 U.S. Open and beats champion Pete Sampras at the 1995 Australian Open. Called the most popular tennis player in the world, the tennis phenom has a new girlfriend, former model Brooke Shields.

The National Hockey League plays only 48 of the 82 games in the season this year due to a lockout. Following baseball's example, hockey owners put salary caps on their players, who strike but lose out to the owner's rule.

Track and field star Wilma Rudolph dies at the age of 54. The 20th of 22 children, she overcame polio, scarlet fever, and pneumonia to become a basketball star at 13, an Olympic bronze medalist at 16, and a winner of three gold medals in the 1960 Rome Olympics.

Alisport

Whenever the Magic, led by 7'1" 300-pound Shaquille O'Neal, score 110 points, the Orlando McDonald's restaurants redeem home game tickets for a free Big Mac. With the team selling out all 16,000 seats, the Golden Arches supply a massive Mac attack, consoling fans for the lack of a playoff victory.

Focus on Sports

Pitchman George Foreman, 45, wearing the same red trunks he sported when he fought Muhammad Ali 20 years earlier, wins the world's heavyweight boxing title from Michael Moorer with a 10th round knockout.

The high rate of early burnout in women's pro tennis from media pressure, trainers, and sponsors causes the parents of Venus Williams, 14, to delay her pro debut.

Alisport

Pete Sampras defeats Gorn Ivanisevic in the men's singles final at Wimbledon in July 1994, for his second straight Wimbledon title. In January, pressure of defending the title causes him to break down in tears at the 1995 Australian Open.

Alisport

Having already announced her retirement from singles tennis, nine-time Wimbledon champion Martina Navratilova waves good-bye to an emotional crowd, after losing to Conchita Martinez in her last Wimbledon match.

Reuters/Reimann

In July, Miguel Indurain of Spain makes a triumphant entry on the Champs Elysées in Paris to win the Tour de France for the fourth straight time. He wins the 3-week, 3,218 km contest easily, finishing five minutes, 39 seconds ahead of the field. Greg LeMond, the only American to win the Tour de France three times, retires from racing because of health problems.

SPORTS

On June 14, the New York Rangers defeat the Vancouver Canucks 3 to 2 in the seventh game of the Stanley Cup play-offs, winning the coveted hockey cup for the first time in 54 years.

The Centennial Olympics will be in Atlanta, Georgia in 1996. The city will emphasize its multicultural aspects to honor athletes from around the world.

Tom Duffy/Allsport

Dara Torres-Gowen becomes the first Olympic swimmer to model swimsuits in the *Sports Illustrated* annual swimsuit issue. Gold-medalist Torres-Gowen's sporty looks break the "waifs and glamazons" mold dictated by fashion.

Fans are openly angry when a dispute between players and team owners over salary caps and other issues threatens to shut down baseball. A work stoppage begins on August 12, and no World Series is played for the first time since 1904.

Strong, Gammal/Lalson

Tonya Harding, barred for life from organized skating for obstructing justice in the investigation of an assault on Nancy Kerrigan, is offered \$2 million by the All Japan Women's Pro Wrestling Association to wrestle as a baddie.

Chris Cole/Allsport

Basketball star Sheryl Swoopes leads the U.S. women's basketball team to a gold medal at the Goodwill Games in Russia. Earlier she led Texas Tech to an NCAA title and signed an endorsement deal with Nike.

In Super Bowl XXIX in Miami, the San Francisco 49ers beat the San Diego Chargers 49-26, in their record-breaking fifth Super Bowl win. Quarterback Steve Young passes for a record six touchdowns to win most valuable player.

Pascal Pondeau/Allsport

After 52 wins, four PPG Cup titles, and \$10 million in earnings, Indycar champion Mario Andretti races for the final time in his 31-year career. The four-time Indianapolis 500 champion retires in October 1994.

Ernie Els wins the 1994 U.S. Open golf tournament in sudden-death playoff. The U.S. women's golf team, led by Dottie Mochrie, beats Europe for the 1994 Solheim Cup.

World Cup soccer comes to the U.S. for the first time: 24 teams play 52 World Cup games in nine cities to 3,567,415 fans, culminating in a title match between Brazil and Italy. Earlier the U.S. upset Colombia, but lost to the Brazilian team, who went on to win the cup.

AP/Wide World

Supreme Court Justice Harry Blackmun, 85, who wrote the majority opinion in *Roe v. Wade*, the landmark 1973 case that guaranteed a woman's legal right to abortion, announces his retirement from the court after 24 years.

The Charles and Diana fairy-tale-turned-sordid-soap continues: A German newspaper prints nude photos of Prince Charles; he publishes a confession saying he never loved his wife. Princess Diana is suspected of making crank phone calls; an old friend who claims to be her ex-lover hawks a trashy kiss-and-tell book.

Tabitha the cat spends 12 days and 32,000 miles in the fuselage of a Tower Air 747 jet when she escapes her cat carrier and gets lost in the cargo hold. Tabitha makes television appearances after her rescue with her aspiring-actress owner. Tabitha lost two pounds during the ordeal, her owner lost six.

The Florida judge would not allow Paul Hill to use justifiable homicide as a defense in the shootings of Dr. John Britton and his bodyguard outside a Pensacola abortion clinic. Hill is found guilty of murder in the first degree.

Anna Paquin, 11, wins an Academy Award for her performance in *The Piano*. Says actor Gene Hackman, "I guess now you'll have no trouble getting cast in your school play."

Reuters/Bettmann

Ronald Reagan, 83, announces he is in the early stages of Alzheimer's disease, which will cause him to rely increasingly on wife Nancy. Doctors say the easy-going ex-president should be able to function normally for several more years.

Despite hurled obscenities and death threats, Shannon Faulkner, 19, battles the all-male Citadel for the right to become the first female cadet in the 152-year history of the state-supported South Carolina military school.

Reuters/Bettmann

Nelson Mandela, an international hero who won the Nobel Peace Prize, writes his story. *Long Walk to Freedom: The Autobiography of Nelson Mandela* covers the author's 27 years as a political prisoner, his release, and black Africans struggle for freedom.

Sending a worthy message to pageant-watchers, Heather Whitestone, a deaf Alabama college junior who works with handicapped kids, is crowned 1994 Miss America by her predecessor Kimberly Aiken.

IN CLOSING

The time has come to say goodbye, a farewell to our long drive down NJIT road. Putting this book together was not a easy task, it took hardwork and dedication in order to capture our college life on such few pages. Hopefully these pages will remind you of the fun, the headaches, the trials, the tears, the unexpected, nerve raking breakdowns and the joys of what life down NJIT road was all about. My life at NJIT was a memorable one, one that was accomplished thanks to the support of my family, friends, brothers and NJIT staff and administrators. When you look through this book, 'Always Changing 95', I want you to remember that life is too short, never be afraid of risk and challenges, because we can only learn from our mistakes.

Lastly, I would like to give thanks to all of those who help and supported me in my endeavors. Bob Moran, Dean Helen, Dean Murray, Dean Boxer, Dean Berrio, Dr. Bloom, Jodie Cottrel, Gloria Philips, Dottie Wright, Cathy Ruvolo, Paul Hassen 'Dad', Residence Life, Rosalie Gaddala, EOP, Bonnie Blackman, DaVor Studios, SAC, Isabel, Jorge, Mar, Vram, Mich, Neda, Tim, Chris, Alpha Sigma Phi, Alpha Phi Omega, Jeff, Eric, Amy, George, Nicole, Jenny, Mona, Ed, last but not least my Mom.

" We watched. We participated. We learned. We felt. We accomplished. We shared in a NJIT experience. We spent our time going to class, studying, getting involved with campus and community, partying with friends preparing for the future, supporting our alma mater. Throughout our lives this experience will remain with us. This moment in time will live forever. " La Vie.

Always,
Humby

COLOPHON

The Nucleus of New Jersey Institute of Technology, Volume 72, was printed by Josten Printing and Publishing, in State College, Pennsylvania.

COVER: The cover is Craftline Embro Maroon (490) and was customized debossed and embossed with fully modeled brass dies. It is mounted on a 150 point binder board. Cream ink (340), Copper ink (330) and Copper Foil (382) were used in the artwork. The font used was Isabella. The cover was produced by Jostens, Topeka, Ks., and designed by Humberto 'Humby' Baquerizo.

ENDSHEETS: Front and back endsheets were printed on a 100lb Cream stock bond using 100% Black ink.

PAPER STOCK: The entire book was printed on 80lb gloss paper using 100% ink.

TYPOGRAPHY: Opening, divider and closing body is 12pt Times. Headlines, subheadlines and feature copy were typed in Lithos Bold. Photo and Layout credits are 7 and 9 pt. Palatino.

DESIGNS: Cover, sections, opening, dividers, closing and Layouts were designed by the Editor in Chief Humberto 'Humby' Baquerizo.

PHOTOGRAPHY: The Opening and Closing sections feature photography of the NJIT campus, local surrounding of Newark, and aerial photo of Newark and the skyline of New York. Senior portraits, Faculty portraits, Sport Photography, and Commencement were taken by Davor Studios, Ben Salem, Pennsylvania. All other photos were taken by Nucleus Staff. ALL Color and Black & White film were processed by Davor Studios.

NUCLEUS 1995 was printed on a total editorial budget of approximately \$27,000. Individual copies of The Nucleus 1995 sold for \$35.00 to all students, faculty and staff.

The **NUCLEUS 1995** is copyrighted by Editor in Chief Humberto 'Humby' Baquerizo. No part of this book may be reproduced without prior written consent of the Nucleus Yearbook.

Inquiries about the publication can be forwarded to The **NUCLEUS**, Hazell Center, New Jersey Institute of Technology, University Heights, Newark, New Jersey, 07102, (201) 596-3598.
